## I. Luxury combined with character

Hotel Hermitage Monte-Carlo is a palace with exceptional heritage, proud of its history, but resolutely rooted in the 21<sup>st</sup> century. Its architecture is unique in the world, with a building listed as a Historic Monument, part of which is the sublime Eiffel cupola in the winter garden, designed by the uncontested master of metallic architecture. Since its creation, the Hotel has been renovated and modernised regularly, to harmoniously unite classicism and modernity. Overlooking the Mediterranean, with one of the most beautiful views of the Rock and the Port in the Principality, it enjoys a fabulous location, close to the vibrant centre of Monaco, yet remains a haven of peace for its guests.

### An unparalleled Belle Époque style

At the dawn of the 20<sup>th</sup> century, Monegasque architect Jean Marquet built an upscale and luxurious hotel, a neo-classical edifice amongst orange and olive trees facing the Mediterranean Sea.

Eminent designers and artists put their stamp on the hotel's style. The dining room, named Belle Époque, is one of the jewels of Hôtel Hermitage Monte-Carlo. All by itself, it embodies the character and opulence of the establishment. The ceiling is the work of artist Gabriel Ferrier, Prix de Rome and 1889 Universal Exposition Gold Medallist who was inspired by the fresco, "Grâces Florentines", by François Boucher and Jean-Honoré Fragonard. In the 1970s, André Levasseur undertook the room's restoration, highlighting the pink marble columns, reminiscent of the Grand Trianon, amidst the crystal chandeliers.

Another of the hotel's wonders is the Jardin d'Hiver (Winter Garden). It owes its prestige to the glass conservatory created and erected by disciples of Gustave Eiffel. Its umbrella-shaped structure was emphasised in the 1970s with the addition of pastel tones, gildings and new lighting. The setting and serenity of the venue make Hôtel Hermitage Monte-Carlo a synonym of elegance and refinement.

Respecting its rich heritage, Hôtel Hermitage Monte-Carlo is regularly modernised to meet the expectations of its clientele. During the 2000s, a new phase of modernisation took place: over 90% of the establishment was renovated between 2003 and 2011. Everything is meticulously designed to achieve a harmonious marriage between classic authenticity and technological modernity.

## II. A cocoon of serenity harmoniously uniting the Belle Époque heritage and modernity

The palace of Hôtel Hermitage Monte-Carlo is discreetly luxurious, with innate class and timeless elegance. It is a stylish retreat with a bright and graceful atmosphere. The sea and light are prominent in the five wings of the Hotel, creating a sensation of space and an atmosphere that is both bright and warm.

Its unique universe offers a perfect blend of its Belle Époque heritage and modernity, with 278 rooms, including 54 Junior Suites, 22 Suites and 12 Diamond Suites. All of these exceptional suites offer superb views of the Bay of Monaco and the Mediterranean. The interior design creates a timeless setting with noble materials and minimalist forms, soft and happy colours, bronze and matt gold. The walls are decorated with contemporary works of art. The rooms are also equipped with the latest TV and Internet technologies for maximum comfort, along with the reception areas.

### The Diamond Suites, treasures of Hôtel Hermitage Monte-Carlo

The Diamond Suites are the showpieces of Hôtel Hermitage Monte-Carlo. Overlooking the Mediterranean Sea, they are exceptional by way of their luxurious spaces and their exceptional services.

It can welcome up to nine people thanks to an adjustable area of 332 m<sup>2</sup>. The suite offers a panoramic view of the Mediterranean, the port of Monaco and the Rock.

The top floor of the Excelsior wing of Hôtel Hermitage Monte-Carlo houses an exceptional apartment: **the Penthouse Diamond Suite**. This Suite offers guests the utmost luxury of all modern-day palaces: space, with an area of 361m<sup>2</sup>, including one 23m<sup>2</sup> terrace and a second 70m<sup>2</sup> terrace. Each room is delicately infused with haute-couture tones of taupe, aubergine and gold. In a family spirit, the rooms are divided into three bedrooms, three living rooms, three bathrooms, two dressing rooms, one playroom for children (convertible upon request). The two terraces offer a 360° view of the port of Monaco, the Monaco Rock, the Mediterranean Sea and the Alps.

The **Presidential Diamond Suite** lies on the Prince wing. This elegant Suite has an appealingly intimate atmosphere. It features wooden floors, a warm and refined décor, and benefits fully from the brightness and the extraordinary panorama of Monaco overlooking the sea. 204m<sup>2</sup> arranged in two bedrooms, one living room, one dressing room and two loggia terraces.

Perched at the top of the hotel, the exceptional **Diamond Duplex Suite with Jacuzzi** offers 200m<sup>2</sup> of interior space and 95m<sup>2</sup> of exterior space facing the sea, unobstructed, with a solarium and a Jacuzzi. This duplex suite is decorated in shades of white and is complemented by a glass staircase, which highlights the effect of space, clarity and weightlessness.

## IV. “Forever Green” at Hôtel Hermitage Monte-Carlo

Hôtel Hermitage Monte-Carlo, recognised worldwide for its elegance and its history, also stands out for its commitment to sustainable development.

Since 2017, Hôtel Hermitage Monte-Carlo has been using its excellence and expert knowledge to promote eco-responsible luxury.

Preservation, biodiversity and volunteering are commitments at the core of the hotel’s approach:

- Acquisition of 15 beehives in the Var since 2018 and the creation of a signature dessert on the menu of our Michelin-starred restaurant, Le Vistamar, made exclusively with the honey from our hives
- Implementation of waste sorting throughout the hotel, including meeting rooms, for business clientele
- Participation in local voluntary initiatives and charities supporting a variety of causes (participation in the Pink Ribbon: a walk to fight breast cancer, “Les Anges Gardiens de Monaco” collection: essential supplies and hygiene products for those in need)
- Creation of a 400 sq.m vegetable garden since March 2019 planted in the hills of Beausoleil which supplies the hotel’s Michelin-starred restaurant, Le Vistamar, with fruits and vegetables, produced using permaculture practices.
- Le Vistamar has also had an organic herb tower and an aromatic garden since 2017 which exclusively serves the hotel’s Michelin-starred restaurant
- Constitution of a “Green Team”, made up of the heads of the hotel’s departments, which works on the design, implementation and monitoring of actions. The motto: “Forever Green”

“The teams at Hôtel Hermitage Monte-Carlo have been committed to this sustainable approach for many years. The integration of eco-gestures in our work processes, the preservation, maintenance and enhancement of our heritage, and the teams’ initiatives such as upgrading our garden and carrying out actions for different associations are now part of the hotel’s identity, for our teams and our customers.

We are very proud of our Green Globe certification. It is both an achievement and obligation to continue our approach within the framework of our charter and that of Monte-Carlo Société des Bains de Mer”, comments Mr Starck, Managing Director of Hôtel Hermitage Monte-Carlo.

The direct actions in favour of sustainable development are reflected in the signing of the energy transition pact on 23 March 2018, our commitment to the Mr. GoodFish charter, signed in 2015 and the Green Globe certification obtained in March 2019.

The Hotel explains its actions in greater detail on its website: <https://www.montecarlosbm.com/fr/hotel/hotel-hermitage-monte-carlo/nos-engagements-developpement-durable>
