**Celebrating the 40-year Anniversary
of H.S.H. Prince Albert II as President of
the Monaco Red Cross (1982-2022)**

The history of the Monaco Red Cross is intricately linked to the Prince's Family. Created on 3rd March 1948 by Prince Louis II, the Monaco Red Cross was recognised in the same year by the International Committee of the Red Cross (ICRC) and admitted to the International Federation of Red Cross and Red Crescent Societies (IFRC). It is one of the 190 National Societies belonging to the International Red Cross and Red Crescent Movement and respects the seven fundamental principles thereof. The Monaco Red Cross was presided over successively by Prince Rainier III from 1949 to 1958, followed by Princess Grace from 1958 to 1982. Since 17th December 1982, it has been presided over by H.S.H. Prince Albert II.

Throughout 2022, the Monaco Red Cross will be hosting various events to mark the 40th anniversary of H.S.H. Prince Albert II as President of the association.

During his 40-year Presidency, H.S.H. the Sovereign Prince has ensured that the Monaco Red Cross plays an active role, both nationally and internationally, within the International Red Cross and Red Crescent Movement.

An advocate for the environment and humanitarian causes, H.S.H. Prince Albert II has tirelessly offered his support to individuals and communities in need, such as those affected by a natural disaster, armed conflict, or the victims of population displacement.... The last few years have highlighted the key actions implemented by the Monaco Red Cross during major crises and the unwavering support it provides, not only in the Principality but also beyond its borders, with the steadfast courage and dedication of its teams.

The 40-year Presidency of H.S.H. Prince Albert II bears the stamp of the special consideration he accords to individuals living in the Principality of Monaco and the neighbouring area who are vulnerable, in financial distress or facing an emergency situation.

The 40-year Presidency of H.S.H. Prince Albert II bears testimony to his ongoing gratitude towards each and every volunteer, whom he has frequently met at first-aid stations or at first-aid graduation ceremonies... also at traditional key events such as the annual *Braderie* or the International Red Cross Day...and, more informally, during festive get-togethers and "friendly drinks" organised by the association.

This 40th anniversary also provides an opportunity to emphasise the regular and warm-hearted involvement of H.S.H. Prince Albert II in the traditional distribution of parcels and the presentation of medals during the National Holiday and Christmas celebrations. Parcels presented to those most in need, the beneficiaries of social welfare, gifts for children at the Rosine Sanmori Day Nursery and the Princess Charlene Children's Home... not to mention visits to the various retirement homes and the Princess Grace Hospital. With the passing years and events, these encounters with the President of the Red Cross have left priceless memories: the smiles of children, or quite simply the grateful faces of those benefitting from the Red Cross's social or humanitarian aid.

Throughout the last 40 years, H.S.H. Prince Albert II has been personally committed to ensuring the proper functioning of the CRM. The President has also been able to count on the support of his family, especially H.S.H. Princess Charlene, Vice-President of the CRM, as well as the Members of the Board, employees, and volunteers, always ready to do what it takes, together with him, to make sure the projects launched by the National Society are implemented successfully.

Thank you, Your Highness, for the 40 years you have dedicated to assuming the Presidency of the Monaco Red Cross!

The Monaco Red Cross: a humanitarian organisation

Over the years, the association has continued to evolve, while still supporting and accompanying the vulnerable. Aware of the changing environment, the Monaco Red Cross is constantly innovating with solutions tailored to the needs of the population.

On 1st August 2021, the CRM Board of Directors was renewed for three years with the arrival of new members. The following were newly appointed:

- H.S.H. Princess Charlene as Vice-President;
- Ms Camille Gottlieb, Head of the Youth Section;
- Ms Valérie Corporandy, Head of Social Services, alongside Ms Paule Leguay;
- Ms Benoîte Rousseau de Sevelinges, Head of the CHPG hospital assistance section;
- Ms Camille Narmino-Blasco, Head of the Day Nursery;
- Ms Yordanos Pasquier, Head of SHI.

2021 : a review of an intense year

VERSATILITY

Despite the coronavirus health crisis which persisted in 2021, the challenges faced by the Monaco Red Cross were many and the association had to harness its forces and resources to continue its activities. The CRM continued to carry out its numerous activities to assist those in difficulty and to fight the pandemic. This meant our volunteers carried out multi-task activities such as home monitoring, delivery of shopping... to meet specific requests for assistance.

MOBILISATION

The Monaco Red Cross now has almost **630** volunteers, 70% of whom are women and 33% are under 35. Again this year, they have demonstrated their extraordinary commitment, 92 new members have joined the teams, totalling close to **33,700 hours of voluntary work** valued at €350,000.

COMMITMENT

In 2021, over 8,372,000 Euros was used to implement the actions of the Monaco Red Cross in Monaco and worldwide, supporting close to **58,000 people**.

Locally

With a budget allocated to social action amounting to 2.9 M€, the Monaco Red Cross, through its **Social Welfare Department**, helps individuals living in Monaco and the neighbouring area encountering financial difficulty or having to cope with an emergency situation.

Aid granted is designed to cover expenditure on essential goods and services such as rental costs, energy bills, school meals... vouchers may be distributed for buying food and basic necessities, representing an overall **budget of €800,000**.

In 2021, CRM offered support to **204 homes in Monaco**, and **417 homes in the neighbouring area** (including 221 in Beausoleil) that have a strong link with the Principality.

In 2021, the activities carried out by volunteers in the Principality's retirement homes (Cap Fleuri, A Qietüdine, Fondation Hector Otto), at the Rainier III Centre as well as the Princess Grace Hospital where the Monaco Red Cross is active, suffered from the health situation. Very recently, services have gradually started to resume, taking all the precautions necessary.

Vital links in Monaco's rescue & relief chain, the Monaco Red Cross's **rescue workers** are active in the Principality and neighbouring area, totalling for the past year **965 rescue interventions and over 17,700 hours of activity**. Monaco Red Cross rescue workers are also active at all the first-aid stations during events organised in the Principality and also abroad.

Training is another area of action. The Monaco Red Cross provides free first-aid training to **2,500 individuals every year**, a key activity whose goal is to train the maximum number of people in Monaco, especially youth, **in life-saving skills**.

A new course has been added to an already comprehensive list of courses provided by the Red Cross: the Brevet National de Sécurité et Sauvetage Aquatique (BNSSA – (*water safety & rescue certificate*)), as well as continuous training in this speciality, thus responding to high demand in the Principality.

The **Health-Prevention Section** offers health professionals, doctors, and nurses the opportunity to conduct training and awareness activities for the people of Monaco.

The main purpose of the **Youth Section** is to support, unite and educate young people regarding the values of the Red Cross Movement, whilst making them accountable in the face of current challenges so that they become players of society. Various activities are implemented by or for young people, such as academic support, cleaning days, intergenerational bond, and the “Monaco Red Touch Challenge.”

Finally, the 90 toddlers at the **Rosine Sanmori Day Nursery**, benefit from individual support and are looked after by trained and caring professionals in order to ensure they have a varied and fun education which will lead them towards autonomy.

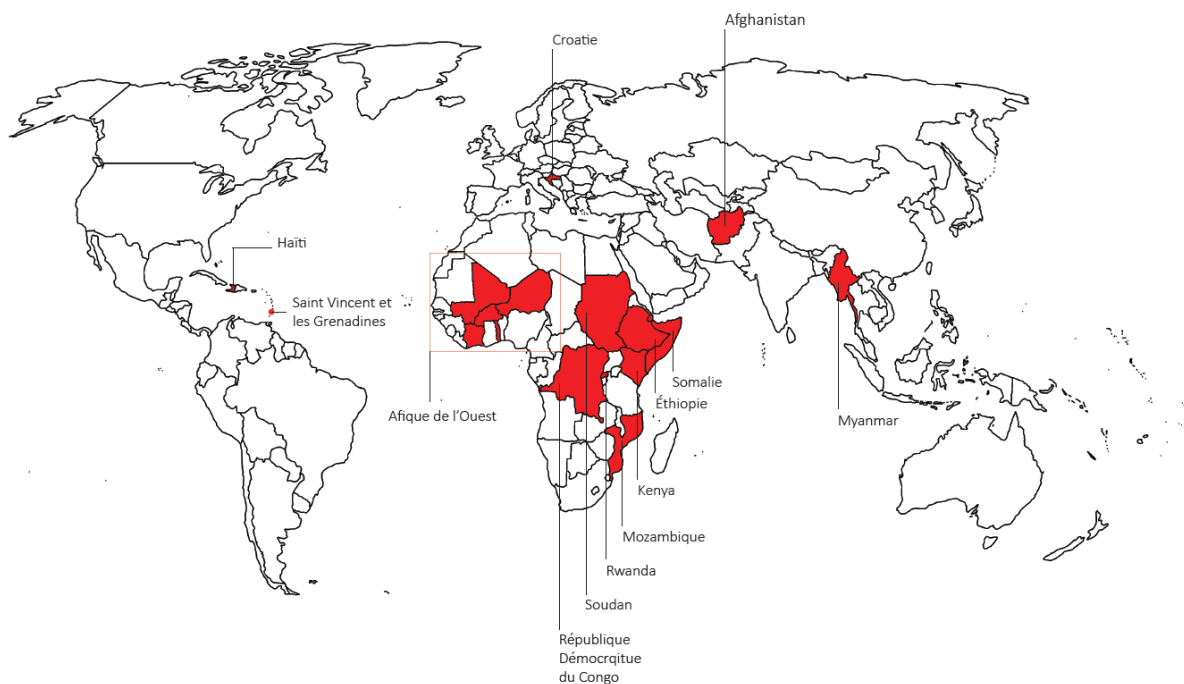

Humanitarian Actions

The Monaco Red Cross, under the presidency of H.S.H. Prince Albert II, offers support to organisations (associations, groups...) or individuals whose situation warrants special attention. As such, in 2021, the Monaco Red Cross provided financial aid representing a total of close to **€273,000** for individuals and organisations in Monaco, France and internationally.

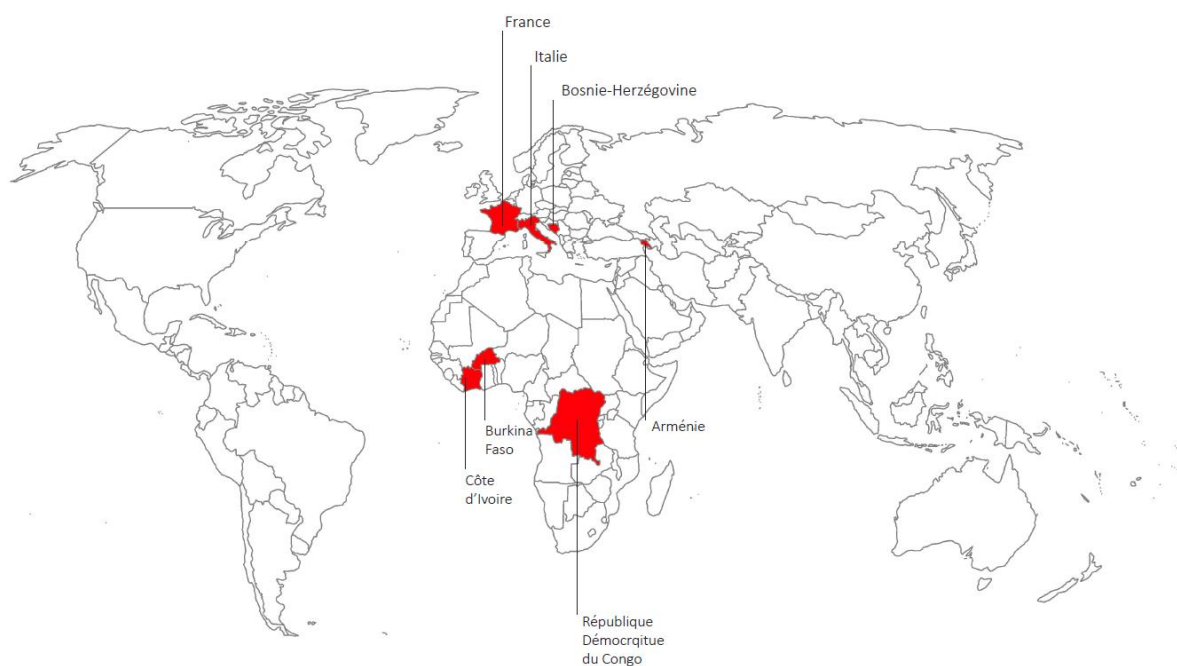

The Monaco Red Cross responds to its humanitarian mission within the region, but also at international level offering support to other Red Cross and Red Crescent societies that have to cope with increasingly complex humanitarian crises.

On the initiative of its President, H.S.H. Prince Albert II, the Monaco Red Cross, as a Member of the International Red Cross and Red Crescent Movement, regularly responds to appeals launched by the International Federation of Red Cross and Red Crescent Societies (IFRC) and International Committee of the Red Cross (ICRC) for the benefit of countries whose people are going through a particularly difficult situation. For 2021, this international aid amounted to **€760,590** in order to respond to appeals made by the International Movement for the countries concerned (Afghanistan, Congo, Croatia, Djibouti, Ethiopia, Haiti, Kenya, Mozambique, Myanmar, Rwanda, Saint Vincent and the Grenadines, Somalia, Sudan, SOS Mediterranean, West Africa), whether it be within the context of a natural disaster or a request from a humanitarian association or authorised agency.

The Monaco Red Cross, via its **International Humanitarian Section**, focuses its action on sustainable projects in partnership with other national societies, in order to work towards resilient and autonomous communities and organisations having an impact on close to **50,605 beneficiaries**.

11 projects – 6 business sectors: Water, Hygiene, Sanitation, First aid, Education, Community health, Protection and Health – **7 countries of intervention:** Armenia, Bosnia-Herzegovina, Burkina Faso, Côte d'Ivoire, Democratic Republic of the Congo, France, and Italy.

+ 2022 – Support & relief at heart

2022 will be a special year for the Monaco Red cross which will be hosting various events to celebrate the 40th anniversary of H.S.H. Prince Albert II as its President.

The Monaco Red Cross strives to meet the challenges it faces, at a global scale, as a result of natural disasters, armed conflict, population displacement... in accordance with the seven fundamental principles of the Red Cross, including its principle of neutrality as is the case with the current conflict in Ukraine.

No sooner was the appeal for donations launched by the International Red Cross and Red Crescent Movement, than the Monaco Red Cross reacted by raising funds for the individuals impacted by this armed conflict. Close to €1,560,000 was raised in total with close to €600,000 for the ICRC for emergency relief and €350,000 for the IFRC to help refugees in the countries bordering the area of conflict.

In addition to the mobilisation of funds, the Monaco Red Cross offers its expertise in crisis management on both an international and local scale.

In Monaco, the Red Cross contributes to this effort by playing an active role in welcoming and supporting individuals affected by the conflict.

The measures taken as a response to the situation are based on cooperation between the Monaco Red Cross and the Government of Monaco, including administrative support for those arriving in Monaco. In addition to the above measures, the following services are also available: support for adults to learn the French language in partnership with the Alliance Française, financial aid from the Red Cross social services, and psychological help through the CHPG's medico-psychological emergency unit and the Monaco Red Cross's counselling services.

Lastly, concrete action is carried out in the field by our volunteers in support of other national societies, with the recent dispatch of a Monaco Red Cross team in partnership with the Italian Red Cross (IRC) for the deployment of a logistics platform in Suceava, Romania.

The show

In the presence of H.S.H. Prince Albert II, President of the Monaco Red Cross,

the 73rd edition of the Monaco Red Cross Ball is this year taking place on Place du Casino for the second time since its foundation in 1948.

After being interrupted in 2020 due to the Covid-19 pandemic, the 2021 summer concert marked an important stage in the very concept of this annual event that is highly anticipated by donors. Once again in 2022, the event is taking place in the open air, at the heart of the Principality, on the new Place du Casino, destined to host the most wonderful events.

Set-up

It takes more than five days to transform Place du Casino Monte-Carlo, where palm trees and candelabras are cleverly moved using specially designed technical means to make it ready for this historic concert.

Monte-Carlo Société des Bains de Mer is proud to have organised this concert on Place du Casino in aid of the Monaco Red Cross.

The evening

Monaco Red Cross donors shall be welcomed from 7:30 pm at the cocktail buffet served on the Terrasses du Soleil, between the majestic façade of Opéra Garnier Monte-Carlo and the Mediterranean Sea.

During dinner, Orchestre Sourgarpie and The Candymen will be playing, and images that symbolise the actions of the Monaco Red Cross in 2022 shall be projected to guests.

The draw for the five raffle prizes, presented by Adriana Karembeu and Imany, shall precede the concert on Place du Casino.

Participants and donors shall go to their concert seats at 10:00pm and will be joined by the audience. Adriana Karembeu and Imany will address the 2,000 spectators, introducing the film showing the actions of the Monaco Red Cross in 2022.

+ The raffle

The evening in aid of the Monaco Red Cross is presented by Adriana Karembeu and Imany

The goody bags are donated by Maison CARTIER

*A set of four Panthère red and white scented candles is offered to the Ladies
and a set of playing cards in their Cartier box is offered to the Gentlemen*

The concert by Alicia Keys

Pianist, songwriter, the American singer is only 41 and yet she seems to have lived many lives.

The young Alicia Keys was immersed in the artistic world when she first discovered her passion: the piano. Later, she joined the prestigious *Manhattan's Professional Performing Arts School*, where she perfected her vocal technique. The prodigy was only 20 when she released her first album, *Songs in A Minor*, which sold 12 million copies. "Fallin" became a hit and Alicia Keys won five Grammy Awards. Then, she released her second album, *The Diary of Alicia Keys* (2003), which won four Grammy Awards, including Best R&B Duo Performance for "My Boo" with Usher.

In 2007, "No One" from her third album, *As I Am*, went straight to the top of the charts. In 2009, she co-wrote the song "Empire State of Mind" with Jay-Z, an anthem dedicated to their hometown, New York, which was a huge success. The same year, she released her fourth album *The Element of Freedom*. After a brief eclipse, the artist made an acclaimed comeback on the world music scene in 2012 with another album, *Girls on Fire*.

Alicia – The world tour after the release of her latest album "ALICIA" marks her return to the stage. For her third concert in Monaco, Alicia Keys will be the ambassador of the Monaco Red Cross Gala, performing her new compositions as well as her classics on the Casino Place Monte-Carlo, from "No One" to "If I Ain't Got You" to "Girl on Fire" .

The work of art donated to the Monaco Red Cross by Philippe Pastor

Philippe Pastor, "The Burned Trees », 2022

Sculpture consisting of a set of 12 burnt tree trunks enhanced with colored enamel plates.

Height : 7 meters

Width: 3,95 meters

Depth: 2,37 meters

About the artist

Philippe Pastor was born in 1961 in Monaco. Committed to environment, Philippe Pastor has developed through his work a personalized vision of Nature, translating Man's interaction with the planet. Using living matter, its transformation through time and immediate surroundings, combining soil, pigments, minerals and plants of all kinds, Philippe Pastor represents his vision of life, environmental destruction and Man's involvement in society.

This relationship with nature and the artist's environmental involvement is also expressed through the series of emblematic sculptures, "The Burned Trees". Created in Provence-Alpes-Côte d'Azur, from burnt trunks, these sculptures were created in 2003 following major fires in the Massif des Maures. These installations reveal majestic silhouettes, where trees are brought back to life to impose their powerful presence and represent the wounds of a bruised nature. "The Burned Trees" became a symbol of deforestation and were part of the "Plant for the Planet" campaign, a project developed in 2007 by the United Nations Environment Programme to fight climate change by planting a billion trees.

Since 1990 his work has been recognized by two Biennale of Venice and has been shown around the world. He is the official artist of the Monaco Pavilion at the Universal Exhibition EXPO - Milano 2015.
